RIM and MSSRF are yet to confirm what to place in the stalls. It was asked whether everybody has materials to be put up in a 10 x 10 ft stall. Most of the NGOs said they shall get back and only CCD & KUDUMBAM responded that they have materials which can get into still a bigger stall. Therefore, it was decided to fix the exact size of the stall in the next meeting. A contingency plan in case if many did not have enough interesting materials was also talked about. Concern was expressed of the quality of exhibits to suit a national workshop.

#### **4. Distribution of Responsibilities**

The following NGOs confirmed to send volunteers to help for the workshop.

<b>SL. No.</b>	<b>Name of NGO</b>	<b>Number of personnel</b>
1.	TORARM	2
2.	EKTA PARISHAD	3
3.	SEVALAYA	2
4.	VENTURE	1

Responsibilities for the above personnel if necessary will be discussed in the next meeting.

Following the discussion on the agenda pointers, there was a brief discussion on the number of participants in the workshop and inviting the press. Mr. Chandra Mohan said that the total number of participants aimed at is 50 to 60 and hence one representative, preferably the chief functionary of the NGO, is requested to take part in the workshop inside the hall. Others can be around.

Regarding calling the press, few suggestions were made like approaching the Information Bureau, the NDTV, the Hindu and the local press trust. It was widely felt that involving press is important.

The next meeting ahead of the workshop would be held on 31st July 2006 only to take stock of exhibits and other emerging agenda if any.
