2. Athipulioor Panchayat Union School Incident.:

The follow up action was done based on the decision taken in the last meeting. Then the secretary read out the letter sent by Avvai and every body felt that, the response given by Avvai was not satisfactory. Even though they are one of the members of CSt, this kind of irresponsible attitude towards the incident made every body un happy. The legal procedures can be dealt by the government since they have taken this issue. But on the other hand, Avvai could have done some thing as a humanitarian gesture to help the affected family.

Then it was decided that since the CSt is a child friendly organization, it can take some initiatives in helping the affected family. Decision taken to help the siblings for their education and in future if any assistance comes, preference can be given to this family. In addition to that, the members felt that a counseling program can also be conducted for the senior students and the class mates of Divya, with the help of Psycho Trust. This will help the students to lead a normal way of life. The responsibility was given to Sr. Mercy.
