13. Capacity building for all.

During this presentation Mr. Mukilnilavan, Program Associate, MSSRF raised a question about day to day activity of Village Information Centres. Responding this, Ms. Priya, Team Leader from Sembanarkoil Cluster presented the activities in detail.

Following to this Mr. Sebastian precluded the presentation session to **Ms. Velvizhi, Programme Associate**, MSSRF. The following points were explained.

- Establishment of MSSRF.
- Area Focused (Coastal System Research, Village Knowledge Centre, NVA – National Virtual Academy)
- NVAs operation system - Content , Connectivity, Capacity, Co-ordination and Evaluation (138 fellows from 15 states – 155 fellows from 15 states)
- National level Hubs , State level Hubs & Block level Hubs
- VRC (Village Resource Centers)
- VKC (Village Knowledge Centers)
- Need Based information - Training
- Capacity Building through resource persons , individuals and Research Institution. Regular program - Microsoft unlimited potential program, Adult literacy program.
- Community News Paper (Namma Oru Seythi)
- Boundary Partners and Strategic Partners
- Video Conferencing
 - Alternative Livelihood
 - Agriculture crop insurance, pest and disease, Consultation with the eminent resource persons, interaction with the farmers.
 - Training Programmes
- Public Addressing System - Akkarapettai

At the end of the presentation, participants raised their doubts regarding the content sharing. Responding to this, Ms. Velvizhi explained that there are contents available at the MSSRF with MoU already signed with software companies which may not be easily accessed by other organization. But she assured that the common addresses for communication and contact details would be made open here after for others to initiate the software installation process at needed VICs. And MSSRF has assured to provide all the information's & contents(without MoU) to all participants..

After that the presentation session was taken by **Ms. Amina Bibi, Dhan foundation** . She explained the activities of **DHAN** in detailed manner. The following points were enlightened.
